

## Queen

She's my queen ... so I get on my knees and service her ... spread those legs against the wall ... she looks down at me ... I'm her sex servant ... I lick her till it pours ... I lick her till my beard has her juices ... She moans and beats on the walls like a soul possessed ... She's my queen ... So I slowly lead her to the bed ... I penetrate ... she grabs the sheets ... her eyes roll ... I slowly stroke gently increasing the pace slightly but then slowing down again ... She's my queen so i whisper is this how u like it ... She doesn't respond verbally just shakes her head up and down slowly and exhales ... I plunge deeper .... There's a puddle right underneath the stroke area ... my balls just landed in it ... every accidentally step in a puddle? ... this one is a welcome surprise ... She's my queen so I attempt to turn that puddle into a pool...a lake... a river an ocean ...
